

We've got Honey! Candles & Beeswax! For Sale!

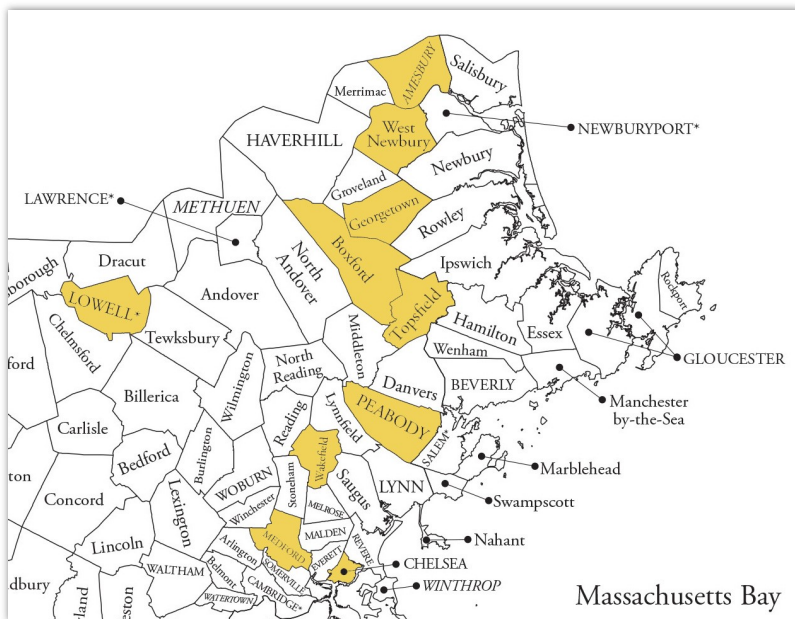

Sadly, the 2020 Topsfield Fair has been cancelled this year due to the COVID virus and we are unable to offer our honey to you in the Bee Building. We will miss seeing everyone at our observation hives, candle table & honey show. We look forward to next year.

Meanwhile, our bees don't know the fair has been cancelled and have continued to produce honey!

On the following page we have a list of our members offering their local honey for sale directly from their apiaries. Contact any of these beekeepers if you'd love some local honey. They are listed by town.

Best regards,
Essex County Beekeepers Association
